

HELPFUL ORDERING TIPS

LOGOS:

If you need help coming up with a logo, chat with us and together we can come up with something great!

You may also Google an image, just make sure when doing so you search with the name of image and coloring pages after it. For example: Shark Coloring Pages. This is to insure that a clean image pops up and not one that is very detailed.

Below you will see examples of what is acceptable and not.

NAMES ON BACK OF JERSEY

I don't recommend Names on the back of jerseys for kids under the age of 8 years old for safety reasons. Kids are overly friendly with strangers at ball parks.

If we are doing names for your order, make sure you have double and triple checked spellings.

SHIRTS/JERSEY SIZES

Base your jersey sizes off T-shirt sizes. Such as YXS YS YM YL

When sending your order over break it down by size such as;

YXS- 1, 2, 3

YS- 4, 5, 6, 7, 8, 9, 22

YM -12

Total 3-YXS, 7-YS, 1-YM

LATE ADD ON'S

I recommend you add 1 or 2 extra uniforms in a common size and give it a number. Divide that uniform(s) cost along the team, when that player comes, they purchases that uniform and put the money in the PayPal for a party or gifts for end of season.

HOW TO ORDER AND PAY

In person or by email at dallaseastsports@gmail.com

You may come in and make a payment in person, over the phone, or through PayPal using our email address.

HIGH SEASON BEGINNING OF AUGUSTS TO END OF OCTOBER

Please be mindful that in high season, we nearly lose our minds to make sure your order is processed immediately so that it is ready on time. With that said please make sure you have triple checked sizes, numbers, and spellings of names are accurate so that we can ensure the quickest turnaround time.

CHANGES ONE'S ORDER IS PLACED

Be sure you stand firm enough with your team **not to make any changes after the order is placed** as there is no guarantee in high season we can make that happen.

TURNAROUND TIME AND BACKORDER

A typical good turnaround for an in stock item is 7-10 business days. Most of the time we are faster than that, but some weeks are busier than others.

Backorders! I can't help them and they are not guaranteed. I try to keep your team geared to a uniform that has a plentiful stock. It's rare that I have back order issues, but when I do, I try to accommodate your taste and budget by putting you into something similar, and if I am unable to then!

TIP'S REGARDING YOUR TEAM

- LESS IS MORE! I would refrain from asking parents for opinions on uniforms. Reason being, more opinions mean more unhappy parents.
- Collecting money can be a hassle; easier way I have found is to get a PayPal account and credit card so your team can have no excuse not to pay in a timely matter. You may want to charge a 2.00 convenience fee as there are fees associated with that, but it keeps your teams business segregated and detailed for you or any concerned parent to view.
