# GAMEREADY

CHAMPRO began as a simple promise 38 years ago to provide accessible, quality sporting goods to everyone who wants to enjoy sports and be GAME READY on the field. Our passion is fueled by the camaraderie and fond memories we receive from participating in athletics. Players of all levels rely on CHAMPRO equipment and uniforms to build a foundation for their success. As a family-owned company, we are dedicated and always GAME READY to provide personal attention for the best service and customer experience.

Off the field, CHAMPRO is dedicated to positively impacting people's lives by supporting athletic, educational and mentoring programs for disadvantaged young people in our community and around the world. The CHAMPRO school in Ethiopia, founded in 2002, provides a campus for education and support for the surrounding community. We support local Boys' and Girls' Clubs and youth sports programs nationwide. We are in our second year of our Teamwork Grant program to provide funding and product to in-need youth sports programs.

CHAMPRO is also committed to protecting our planet. While some companies are just making our environment a priority, for more than 10 years CHAMPRO has planted trees to help restore the environment, reduce our carbon footprint and provide planting jobs in communities around the world. We use 100% renewable energy in our new corporate headquarters and distribution center. We are also introducing sports apparel made from 100% recycled materials and working to reduce waste in our packaging and workplaces.

CHAMPRO is committed to making you GAME READY whether it is on the field or off the field.

#### **CONCEPT 3000 DISLODGING SAFETY BASE**

#### REDUCES THE POTENTIAL FOR SLIDING INJURIES

Top pad is strong enough to support a player standing on the base, but flexes and dislodges from the smooth bottom plate as player slides in. Pad can be reset on the bottom plate when play is complete. This allows the player standing on the base to be supported by the rigid top pad, while the sliding player can smoothly slide over the plate after the pad dislodges.

# · SLOWPITCH

## CHAMPRO® softballs are coded on the center panel to instantly identify the construction of each ball.

The first letter is always "T" for Tournament or "G" for Game.

T (Tournament) - Leather cover & polyurethane core, high performance G (Game) - Durahide cover & polyurethane core, all levels of play

The second and third letters are either "FP" to indicate fastpitch or "SP" to indicate slowpitch, which also will indentify the seam construction.

FP (Fastpitch) - Raised Seams SP (Slowpitch) - Flat Seams

The two digit number at the end of the name indicates the coefficient of restitution (COR) of the softball.

Note: USSSA specifications prohibit marking the COR and compression numbers on the ball.

The measurements listed in the below charts are body measurements (in inches), not garment measurements. If your body measurement is on the borderline between two sizes, order the smaller size for tighter fit or the larger size for looser fit.

### **How to Measure:**

### Bust/Chest:

With arms relaxed at sides, measure around the body at the fullest part of the bust/chest, keeping the tape parallel to the floor.

### Waist:

Measure around the body (not on top of clothing) at the natural waist level.

#### Hip:

With feet together, measure around the fullest part at hip level, keeping the tape parallel to the floor.
